

At The Grounds, the health and safety of every guest and team member is our top priority. Following CDC, state and city guidelines, we want you to know what precautions and preparations we're taking to minimize any risk for anyone planning or attending an event at our facilities.

All team members are required to participate in a company health screening before the start of the workday. Maintenance and any other team member interacting with the general public are required to wear appropriate personal protective equipment, including face masks and/or gloves. Our staff is required to take part in preventive measures to reduce the spread of COVID-19. The frequency of cleaning and sanitizing has been increased in all public spaces, with an emphasis on frequent contact surfaces such as public bathrooms and door handles.

Sanitation stations are available at all staff and public entrances and near high contact areas. Depending on event layout, we will arrange entrances and exits to facilitate the most distance between guests and to limit cross traffic. Masks are currently required by the City of Mobile, and will be required for every guest attending an event at our facilities. We encourage that you stay at least six feet away from people who are not within your group. Signage throughout our facilities consistently reinforces proper hygiene practices and encourage social distancing.

Our offices are temporarily closed to the public, but will be open by appointment only. To schedule an appointment, please contact our office at (251) 344-4573 or info@mobilefair.com. If you are looking to schedule an event, please visit our website at www.thegroundsmobile.com and complete our Proposal Inquiry Form.
